

Explanation of Rates & Service Charges

As explained in the MSA, "Our Rates & Service Charges" applies to all the accounts we offer. Except as specifically described, the following terms apply to all of the accounts you have with us.

1. Rate Information

The Dividend Rate and Annual Percentage Yield on the accounts you have with us are identified above. For all accounts except certificates, the Dividend Rate and Annual Percentage Yield may change monthly as determined by the Board of Directors. Share accounts are Tiered Rate Accounts. If the balance in the account falls within the balance applicable to a particular tier, the Dividend Rate and Annual Percentage Yield for that tier will apply to the entire balance in the account. Cha-Ching Checking accounts are Tiered Rate accounts. For these accounts, the specified Dividend Rate for a tier will apply only to the portion of the account balance that is within that tier. The annual percentage yields, which vary depending on the balance in the account, are shown for each tier.

The Dividend Rates and Annual Percentage Yields are the prospective rates as of the effective date shown above. For Certificate Accounts, the Dividend Rate and Annual Percentage Yield are fixed and will be in effect for the term of the account. For Certificate Accounts, the Annual Percentage Yield is based on an assumption that dividends will remain on deposit until maturity. A withdrawal of dividends will reduce earnings.

2. Nature of Dividends

Dividends are paid from current income and available earnings after required transfers to reserves at the end of a dividend period.

3. Compounding and Crediting

Dividends will be compounded and credited as identified above. For dividend bearing accounts, the Dividend Period begins on the first calendar day of the period and ends on the last calendar day of the period.

4. Accrual of Dividends

Dividends will begin to accrue on noncash deposits (e.g., checks) on the business day you make the deposit to an account you have with us. If you terminate the account before accrued dividends are credited, accrued dividends will not be paid.

5. Balance Information

The minimum balance required to start each account and earn the stated Annual Percentage Yield is identified above. If you do not maintain the minimum balance, you will not earn the stated Annual Percentage Yield. For all accounts, dividends are calculated using the Average Daily Balance method, in which dividends are calculated by applying a periodic rate to the Average Daily Balance in the account for the dividend period. The Average Daily Balance is determined by adding the full amount of principal in the account for each day of the period, and dividing that figure by the number of days in the period.

6. Account Limitations

For all accounts except checking accounts, no more than six (6) preauthorized, automatic or telephone transfers may be made per month from these accounts to another account you have with us or to a third party. If you exceed these limitations, the account may be subject to a service charge or be terminated. For a Christmas Club account, the entire balance will be paid to you by check or transferred to another account of yours on or after October 1 and the account will remain open. If any withdrawal is made from this account before the end of the club term, then the account will be terminated and pay you the full balance. You may make transfers or withdrawals in the first seven (7) days the account is open without restriction. For Escrow Club Accounts, withdrawals are allowed only for payment of property taxes and insurance.

7. Certificate Account Features

a. Account Limitations

After you start the account, you may not make additional deposits to a Certificate Account.

b. Maturity

The Certificate Account you have with us will mature on the maturity date identified on your Account Receipt or Renewal Notice.

c. Early Withdrawal Penalty

We may impose a penalty if you withdraw any of the principal of the Certificate Account before the maturity date.

1) Amount of Penalty. The penalty will equal three (3) months' dividends on the amount withdrawn.

2) How the Penalty Works. The penalty is calculated as a forfeiture of dividends that have been or would be earned on the amount withdrawn as of the date of withdrawal. If sufficient dividends have not been earned, or have been withdrawn, the penalty will be deducted from principal.

3) Exceptions to Early Withdrawal Penalties. At our option, we may pay the account before maturity without imposing an early withdrawal penalty under the following circumstances: when an owner on an account dies or is determined legally incompetent by a court or other body of competent jurisdiction. Where the account is an Individual Retirement Account (IRA) and any portion is paid within seven (7) days after establishment or where the account is an IRA and the owner attains age 59½ or becomes disabled and begins making periodic withdrawals.

d. Renewal Policy

Certificate Accounts are automatically renewable accounts. Automatically renewable accounts will renew for another term upon maturity. You have a grace period of ten (10) days after maturity in which to withdraw funds in the account without being charged an early withdrawal penalty.

e. Nontransferable/Nonnegotiable

The account(s) you have with us is/are nontransferable and nonnegotiable. This means that an account and the funds in the account may not be pledged to secure any obligation of an owner, except obligations with the Credit Union.

8. Cha-Ching Checking Account Features

There is a limit of one Cha-Ching Checking account per member. Cha-Ching checking is available only for individuals. The following features are unique to Rewards accounts:

a. Account Qualifications

In order for a Cha-Ching checking account to qualify for rewards benefits as described herein for a particular monthly qualification cycle, you must satisfy the following requirements: 1) a minimum of 12 debit card purchases must post to the account; 2) you receive monthly e-Statements for the account; 3) log in to Online Banking once each cycle; and 4) initiate one ACH transaction per cycle. ATM withdrawals and account transfers to not count as qualifying transactions. Transactions may take one or more banking days from the date the transaction was made to post to your account. Transactions that have been initiated but not posted as of the end of the cycle will not count as a qualifying transaction for that cycle (but will count in the following cycle when they post). A monthly qualification cycle is defined as the first calendar day through the last calendar day of the month. Rewards will be calculated and paid on the last day of each cycle.

b. ATM Fee Rebates

If you have met your qualifications during the Monthly Qualification Cycle, we will reimburse you for ATM fees imposed during the Monthly Qualification Cycle by our institution up to \$20 each cycle. If you believe that you have not been reimbursed the correct amount, please contact us. We must hear from you no later than 30 days after the statement cycle when the reimbursement was applicable.
